Wire Transfer Information

INTERNATIONAL WIRE PAYMENTS:

Those attempting to make a wire transfer from an international bank account would likely benefit from using [Flywire](#), a firm that offers wholesale exchange rates for international wire transfers. This service offers a Best Price Guarantee on exchange rates (as detailed [here](#)), and avoids the uncertainty associated with international wire transfers by allowing students and their financial benefactors to specify the amount that Georgetown is to receive.

International students and their benefactors with foreign bank accounts denominated in US dollars should note that a traditional wire payment is likely the least costly method.

DOMESTIC WIRE PAYMENTS:

Those attempting to wire funds from domestic bank accounts or attempting to make a transfer from an international source but do not wish to take advantage of Flywire should use the following information when making payment arrangements:

FINANCIAL INFORMATION
